### President's Corner

The holidays are upon us. We have kicked it off with a toy train project for the kids and a briefcase project for us. Now we can settle in for a delicious dinner on our regular meeting day. There will be a table where you deliver your dessert goodies. The rest of the feast will be waiting for you. Remember that we start serving at 6:00pm and our program follows.

There will be a raffle as usual except the raffle items are items that you have made and donated to the raffle.

Show and Tell is different as well.

For December, you bring in your favorite creation from the past 12 months whether you have brought it in to Show and Tell before. There will be a cup next to each item for the spouses and other non-members to vote for their favorite creation by placing their marble into the associated cup. The top three marble getters will receive acclaim and valuable prizes - maybe a book deal or a movie; I can't say where it will stop.

We have a great year ahead of us and I am looking forward to the changes that lie ahead. We have some great classes coming up, as well as new programs. There are

some exciting improvements to our shop as well.

It's not too late, there are several Open Shop sessions between now and Christmas, so you can get your presents done.

-Chuck Saunders, President

## How to read a Safety Data Sheet

**W**ant to have more involvement with your Guild membership? Do you want to do something that is satisfying, gets you involved, and is of great service to your Guild? Then become a Safety Committee member!

New members are needed for the Safety Committee. The only qualification required is your desire to help make your guild a safer place to work and have fun! The Safety Committee primarily develops and maintains safety awareness programs, facilitates safety orientation courses, and develops protocols for safety in the shop.

The specific Safety Committee member responsibilities include, but are not limited to:

- Promote Guild member's safety and health.
- Establish policies and proce-

dures for the safe operation of the shop;

- Develop recommendations for safety improvement or changes in procedures used in the shop;
- Develop and evaluate safety policies and procedures for new and existing equipment or processes;
- Respond to member safety concerns and recommendations;
- Develop safety rule enforcement procedures and review proposed corrective action taken by Foremen; and
- Investigate, review and initiate corrective action on any shop accident to prevent recurrence, and make recommendations on corrective action to the Board.

The Safety Committee holds about six scheduled meetings during the

year for about an hour per meeting. In the last year, the committee has developed three safety policies, revised the safety testing program and facilitated the safety orientation program. The committee would like to add more members with skills in graphic design, video production, woodworking, and anyone with a willingness to serve their Guild.

To express an interest to serve on the Safety Committee, please send a note to [Safety@kcwoodworkersguild.org](mailto:Safety@kcwoodworkersguild.org). Our next Safety Committee will be January 11<sup>th</sup>, at 7:00 pm in the library.

-Chuck Slagle, Safety Director

## 2015 Sees Tremendous Growth

**T**his past year we have seen a tremendous grow in our membership. This happened because of the articles in the Kansas City Star, Maker's Fare, our sponsors and YOU. Our shop and classes, including our safety orientation sessions, also bring people in. The Kansas City Wood Cravers club joined the Guild his fall and we look forward to their involvement in the Guild.

We have members in Alaska, Minnesota, Wisconsin, West Virginia, Tennessee, Colorado, Iowa, Oklahoma and Nebraska.

Once again it is time to renew your member-

ship. If you renew before January 31, 2016 you will get a \$5 discount on your membership. And for those members who wish to belong to both the Woodworkers Guild and the Wood Turners club, you will get an additional discounts worth \$10 (\$5 from each group).

All memberships including those combining with the Wood Turners Club can be renewed online using PayPal or by check or cash at the shop. Sign up in the [Members Only](#) section of the web site.

Your new discount cards will in the membership office, so please pick them up.

-George Rexroad, Director of Membership

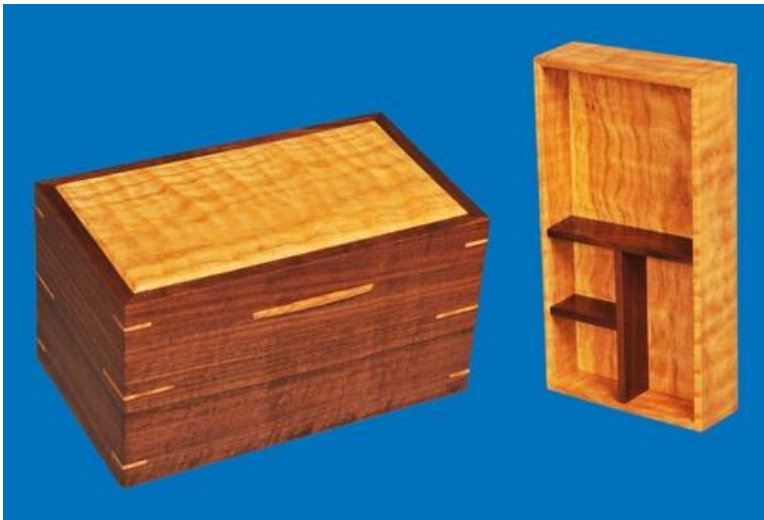

## A Message from the Woodcarvers

**W**ould you like to carve something but don't know what?

Join us January 26th, 2016. Carvers will be doing a live carving night. This will give you the opportunity to get ideas for your carving.

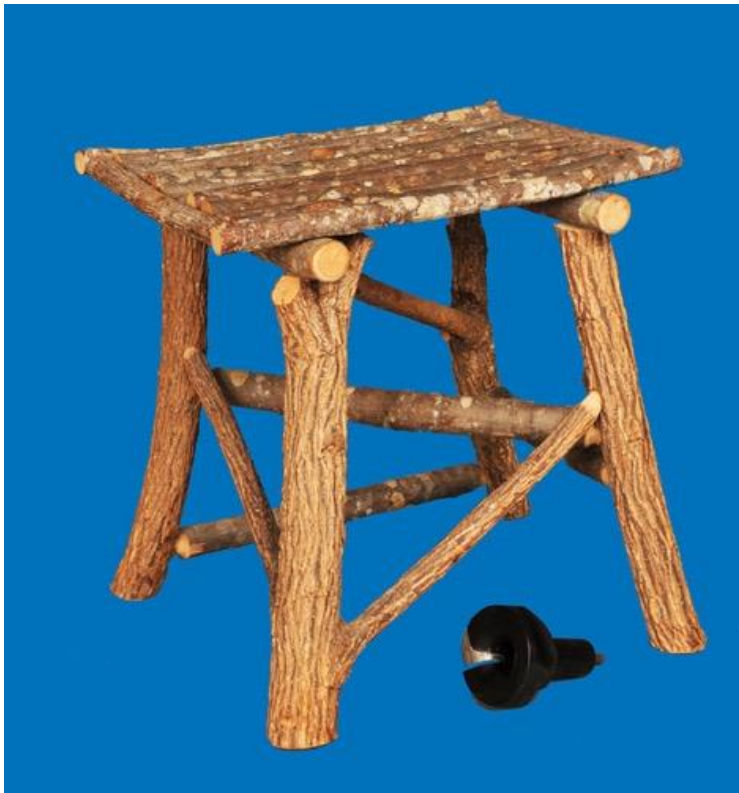

So join us (always the last Tuesday of the month) at 7:00 PM.
